Ontario

As the Member of Provincial Parliament for
Pickering-Scarborough East, it is my pleasure to congratulate the

Indo-Canadian Cultural Association of Durham

Your dedication to preserving and celebrating our parks and public spaces is an important community service. Your picnic and park clean-up commemorates your past, while aiding the community you reside in. The Indo-Canadian Cultural Association of Durham is a shining example of how a community can come together to celebrate your common heritage today, and build a better future for tomorrow.

Congratulations to all involved!

Parliament Buildings, Toronto
